## MECHANICAL

### Components

- Turbine Internal Components
- Gaskets and turbine orings
- Sprint system water injectors
- Fuel injectors. Fuel Nozzle
- Turbine hoses (diesel - gas - water)
- Fuel manifold
- Tube Fittings
- Heat exchangers
- Turbine valves
- Liquid and gas fuel control valves
- Non-return valves
- Purge valves
- Shut-off valves
- Injection water control valves
- Air filters
- Fans
- Hydraulic filters (water, oil, fuel)
- Purifiers and centrifuges for fuel and oil
- Fuel, water and oil pumps
- Hydraulic system pumps
- Screw type fuel pumps, oil
- Hydraulic couplings for speed variation
- Rigid and flexible couplings
- Clutch type couplings
- Turbine starters
- Turbine turner
- Speed reducers
- Turbine auxiliaries box
- Fireplaces
- Turbine Expansion Joints
- Turbine cleaner
- Specific turbine oils

### Electrical, control and automation

- Turbine Control Cables and Connectors
- Turbine control system and its components
- Hydraulic control systems
- Control System Governors
- Vibration monitoring
- Turbine sensors (pressure, temperature, flow, level, etc)
- Flame Revealing Sensors
- Control, pneumatic, hydraulic and electric actuators
- Valve, pneumatic, hydraulic and electric actuators
- Control electric coils
- Electric generator and its parts
- Exitatriz
- DC/AC motors
